

Heartache meme template

Don't be offended if someone doesn't reply to your text. Their phone is probably "just on silent" or "right in front of their lying face"

Heart hurts when i press on it. What is worse than a heartbreak meme. What does heartache mean. Can you fix a broken heart meme. Heart meme meaning.

Caption this Meme 1 up. 6y Show More Comments A meme is a virally transmitted image embellished with text, usually sharing pointed commentary on cultural symbols, social ideas, or current events. A meme is typically a photo or video, although sometimes it can be a block of text. When a meme resonates with many people, it's spread via social platforms like Twitter, Facebook, Instagram, texting, and more. The more a meme is spread, the greater the cultural influence it has. Here's a deeper look into what exactly a meme is, the different types of memes, and some meme examples. Some a meme sticks around a while because it represents something timeless that continually rings true for people, such as parenthood. Other memes are specific to a specific event or idea. Evolutionary biologist Richard Dawkins coined the word "meme" (rhymes with "team") in his bestselling 1976 book *The Selfish Gene*. While he had no idea of its future internet-related context, he used the word meme to describe an idea, behavior, or style that rapidly spreads from person to person in a culture. In his book, he likened a meme's spread to that of a virus. The word meme came from the Greek word *mimeme*, which means imitated thing. Decades later, Dawkins supported the appropriation of the word meme into the digital world. He said that the new meaning isn't that far from his original explanation. Memes used to be the domain of 20-somethings. However, internet users of all ages and all levels of digital savviness have adopted memes to express their feelings. Memes are a worldwide social phenomenon. The more a meme resonates with people, the more they'll share it and the farther it will spread. Memes are usually funny, but often that humor is injected with wry political or social commentary. Sometimes memes exist for shock value or to teach a life lesson. Other times a single photo or short video will generate hundreds of hilarious interpretations. Sometimes a meme will be appreciated by only a select group of people, and other times a meme will have near-universal appeal. Here's a look at some popular meme categories and examples to give you a better idea of the breadth and scope of these viral statements. A meme can be a still photograph or an animated GIF, as long as the content appeals to others in a shareable format. Popular memes are often funny, ranging from silly humor to niche humor to more pointed political humor. Kids, parenting, pets, and everyday life offer endless meme material. Often one funny image spurs a host of memes, as with this determined-looking toddler clenching his hand into a fist. The above meme mimics our determination on New Year's Eve to finally make positive changes. The same image represents our feelings of satisfaction and winning when we receive an unexpected windfall. Sometimes memes offer simple, funny humor most people can enjoy, such as this Pavlov joke: Cute animals figure prominently in harmless-humor memes, such as these adorable ducklings: Funny memes often appeal to specific groups, such as parents: Sibling memes are a popular meme subgroup that appeals to many people: Other classic and famous funny memes include: Some memes have pointed humor. These memes put forth an opinion, argue with others, take a provocative stance, or use darker subjects, such as the above meme that takes advantage of an unfortunate headline. Other memes tackle more controversial subjects, such as the Area 51 raid plan: Or the flat-Earth movement: Other darker-humored memes include: Social commentary colors many memes, touching upon subjects such as wine drinking, a hugely popular topic on the internet. Often, memes tackle different takes on societal norms, such as memes about not wanting to have kids: More social commentary memes include: In some cases, a meme achieves notoriety as a conversational expression. As in the above example, the phrase "Meanwhile in..." has created a slew of memes showing how life is somewhere else. Other conversational memes include: Who Are You? memes Shots Fired memes U Mad Bro? memes Catchphrase memes World events provide endless meme fodder, with humor that's sometimes pointed, sometimes silly, and sometimes painful. As in the above meme, social isolation periods generate thousands of memes, capitalizing on the dark humor of a shared experience. The brief murder hornet scare is another example. Brexit was a rich source of memes: Superbowls provide endless meme fodder, as this 2019 Adam Levine halftime show meme shows: Other current topic memes: Our favorite TV shows provide tons of meme material, such as the above example from *Game of Thrones*. Other meme-TV show favorites include *The Office*: *More TV shows that generate memes include: Friends memes Big Bang Theory memes Parks & Recreation memes M*A*S*H memes* There's an endless variety of memes, ranging from mundane, everyday topics to critical life and world events. More are created and shared every day, and new material is constantly available. If you are inspired by an image or video you come across, make your own meme with Meme Generator and see if it resonates with others. Visit Know Your Meme to research a meme or get inspiration. Thanks for letting us know! Tell us why! Page 2 Add Image No Spacing Top and Bottom Top Bottom Auto Color White Black 10% 15% 20% 25% 35% 50% 75% 100% View All Meme Templates (1,000s more...) Note: font can be customized per-textbox by clicking the gear icon. Enable drag/drop & resize Use resolution of original template image, do not resize. Potentially higher quality, but larger filesize. Effect (beta): None Smart Posterize (best on real photos) Meme Border JPEG Degradе JPEG Min Quality Blur Sharpen Median Filter Median Filter + Sharpen Private (must download image to save or share) Remove "imgflip.com" watermark It's a free online image maker that lets you add custom resizable text, images, and much more to templates. People often use the generator to customize established memes, such as those found in *Imgflip's* collection of Meme Templates. However, you can also upload your own templates or start from scratch with empty templates. How to make a meme Choose a template. You can use one of the popular templates, search through more than 1 million user-uploaded templates using the search input, or hit "Upload new template" to upload your own template from your device or from a url. For designing from scratch, try searching "empty" or "blank" templates. Add customizations. Add text, images, stickers, drawings, and spacing using the buttons beside your meme canvas. Create and share. Hit "Generate Meme" and then choose how to share and save your meme. You can share to social apps or through your phone, or share a link, or download to your device. You can also share with one of *Imgflip's* many meme communities. How can I customize my meme? You can move and resize the text boxes by dragging them around. If you're on a mobile device, you may have to first check "enable drag/drop" in the More Options section. You can add as many additional text boxes as you want with the Add Text button. You can customize the font color and outline color next to where you type your text. You can further customize the font for each text box using the gear icon next to the text input. *Imgflip* supports all fonts installed on your device including the default Windows, Mac, and web fonts, including bold and italic. Over 1,300 free fonts are also supported for all devices. Any other font you want can be used if you first install it on your device and then type in the font name on *Imgflip*. You can insert popular or custom stickers and other images including scumbag hats, deal-with-it sunglasses, speech bubbles, and more. Opacity and resizing are supported, and you can copy/paste images using CMD/CTRL + C/V for quick creation. You can rotate, flip, and crop any templates you upload. You can draw, outline, or scribble on your meme using the panel just above the meme preview image. You can create "meme chains" of multiple images stacked vertically by adding new images with the "below current image" setting. You can remove our subtle *imgflip.com* watermark (as well as remove ads and supercharge your image creation abilities) using *Imgflip Pro* or . Can I use the generator for more than just memes? Yes! The Meme Generator is a flexible tool for many purposes. By uploading custom images and using all the customizations, you can design many creative works including posters, banners, advertisements, and other custom graphics. Can I make animated or video memes? Yes! Animated meme templates will show up when you search in the Meme Generator above (try "party parrot"). If you don't find the meme you want, browse all the GIF Templates or upload and save your own animated template using the GIF Maker. Do you have a wacky AI that can write memes for me? Funny you ask. Why yes, we do.
